BALTIMORE HERITAGE

## Support the maintenance of Baltimore's historic monuments

Recognizing the importance of maintaining these public works of art and the reality that the city's budget cannot cover all these costs, the Adopt-A-Monument program invites individuals and organizations to make an annual contribution to ensure the preservation of these monuments.

Since the program's creation in 1992, 31 private citizens, institutions, foundations and businesses have adopted 25 different monuments. Fund advisers Cindy Kelly, Sandy Sparks, and Kathleen Kotarba manage this program in partnership with Baltimore Heritage.
